XII. Studies on Governmental Efficiencies

In preparing this report, we reviewed several studies on local government efficiency. These studies show that:

- The average local government in Illinois serves 1800 residents compared to the national median of 2850 individuals
- Most townships in Illinois have no bonded indebtedness. Together with road districts they are an integral element of local democracy. Township expenditures have grown at a lower rate than those of any other level of government since 1992.
- Townships have lower labor costs and employ mostly part time employees.

XIII. Our committee's recommendations regarding Increased Accountability and Efficiency:

Note: This Report must be filed with your County no later than 18 months after your first committee meeting.
